Supplement to the Barclays Bank Ireland PLC Full Year Pillar 3 Report 2021

Introductory notes

This worksheet complements the Barclays Bank Ireland PLC ("BBI" or the "Bank") Full Year Pillar 3 Report 2021, available from home.barclays/investor-relations/

The information disclosed in this report is prepared in accordance with the Capital Requirements Regulation and CRD, also known as the 'CRD V legislative package'). On 27 June 2019, CRR II came into force, amending CRR. As an amending regulation, the existing provisions of CRR apply unless they are amended by CRR II. Certain aspects of CRR II are dependent on final technical standards to be issued by the European Banking Authority (EBA) and adopted by the European Commission.

The Pillar 3 disclosures have also been prepared in accordance with the EBA "Guidelines on materiality, proprietary and confidentiality and on disclosure frequency under Articles 432(1), 432(2) and 433 of CRR" and Commission Implementing Regulation (EU) 2021/637. Certain aspects of CRR II are dependent on final technical standards to be issued by the European Banking Authority (EBA) and adopted by the European Commission.

The disclosures reflect Barclays Bank Ireland PLC's interpretation of the current rules and guidance. The abbreviations '€m' and '€bn' represent millions and thousands of millions of Euros respectively. There are a number of key judgement areas, for example impairment calculations, which are based on models and which are subject to ongoing adjustment and modifications. Reported numbers reflect best estimates and judgements at the given point in time. Relevant terms that are used in this document but are not defined under applicable regulatory guidance or International Financial Reporting Standards (IFRS) are explained in the results glossary that can be accessed at home.barclays/investor-relations/reports-and-events/annual-reports/

Forward-looking statements

This document contains certain forward-looking statements with respect to the Bank.

The Bank cautions readers that no forward-looking statement is a guarantee of future performance and that actual results or other financial condition or performance measures could differ materially from those contained in the forward-looking statements. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use words such as 'may', 'will', 'seek', 'continue', 'aim', 'anticipate', 'target', 'projected', 'expect', 'estimate', 'intend', 'plan', 'goal', 'believe', 'achieve' or other words of similar meaning.

Forward-looking statements can be made in writing but also may be made verbally by members of the management of the Bank (including, without limitation, during management presentations to financial analysts) in connection with this document. Examples of forward-looking statements include, among others, statements or guidance regarding or relating to the Bank's future financial position, income growth, assets, impairment charges, provisions, business strategy, capital, leverage and other regulatory ratios, capital distributions (including dividend payout ratios and expected payment strategies), projected levels of growth in the banking and financial markets, projected costs or savings, any commitments and targets, estimates of capital expenditures, plans and objectives for future operations, projected employee numbers, IFRS impacts and other statements that are not historical fact.

By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. The forward-looking statements speak only as at the date on which they are made. Forward looking statements may be affected by changes in legislation, the development of standards and interpretations under IFRS, including evolving practices with regard to the interpretation and application of accounting and regulatory standards, the outcome of current and future legal proceedings and regulatory investigations, future levels of conduct provisions, the policies and actions of governmental and regulatory authorities, the Bank's ability along with governments and other stakeholders to measure, manage and mitigate the impacts of climate change effectively, geopolitical risks and the impact of competition. In addition, factors including (but not limited to) the following may have an effect: capital, leverage and other regulatory rules applicable to past, current and future periods; macroeconomic and business conditions in Ireland and the European Union ("EU") and any systemically important economy which impacts Ireland and the EU; the effects of any volatility in credit markets; market related risks such as changes in interest rates and foreign exchange rates; effects of changes in valuation of credit market exposures; changes in valuation of issued securities; volatility in capital markets; changes in credit ratings of the Bank or any securities issued by the Bank; direct and indirect impacts of the coronavirus (COVID-19) pandemic; instability as a result of the UK's exit from the EU, the effects of the EU-UK Trade and Cooperation Agreement and the disruption that may subsequently result in Ireland and in the EU; the risk of cyber-attacks, information or security breaches or technology failures on the Bank's reputation, business or operations; and the success of future acquisitions, disposals and other strategic transactions. A number of these influences and factors are beyond the Bank's f

Subject to our obligations under the applicable laws and regulations of any relevant jurisdiction, (including, without limitation, Ireland), in relation to disclosure and ongoing information, we undertake no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
